

EAR SAVERS FOR FACE MASKS

During this pandemic, face masks have become an indispensable item for a large portion of our population.

Desiring to make this more comfortable for the wearer, we have developed an attachment that fits any mask presently on the market.

- Made of durable .023" polyethylene
- Reusable, can be washed with soap
- A better, more comfortable fit thanks to its adjustment notches every 0.5"
- The printed version has an imprint area of 0.8" x 2", allowing your customers to display their logo with pride.

Production time after approval:
ESMC1-NP: 3 working days
ESMC1-4CP: 5 working days
